## EXPERIENCE

### Rajalakshmi Eduverse, Chennai

October 2021 – May 2023

Data Science-intern

## EDUCATION

### Government Arts and Science College, Pennagaram

M.Sc-Computer Science-74%

June 2021 – April 2023

### Government Arts and Science College, Pennagaram

B.Sc-Computer Science-73%

June 2018 – April 2021

### Government Hr Sec school Pulikari in Dharmapuri

12th Computer Science - 62%

June 2016 – April 2018

### Government Sec school Booganahalli in Dharmapuri

10th - 74% April -2016

## PROJECTS

### Project Title: Lazy Classification — Python, pandas, scikit-learn

ML model predicts student laziness accurately, guiding timely academic support and showcasing ML's role in student success.

GitHub: [Lazy Classification](#)

### Project Title: Web Scraping Florida Polytechnic University Directory — Python, BeautifulSoup

Automated extraction of faculty data from Florida Polytechnic University directory using Python and BeautifulSoup. Parsed HTML, collected names, departments, emails, and phone numbers, organized into a CSV for analysis.

GitHub: [Web Scraping Florida Polytechnic University Directory](#)

## SKILLS

Python / OOPs....

Advanced Python – NumPy,

Pandas, SciPy, Matplotlib,

Seaborn. Machine Learning

Neural language Processing,

ML-Scikit-learn, TensorFlow,

SQL- MySQL .

Data Visualization Tools –

Excel, Tableau, PowerBI.

Git and Github

## AWARDS

Python intermediate-Solo  
learn.

SQL – Solo Learn .

Python for Data Science-Solo  
learn.

Udemy Microsoft Excel  
Masterclass for Data Analysis  
– 2023

## LANGUAGES

Tamil

English
